

## You now have an RVS Garbage Cart!

- Starting 12/3/18 RVS will supply you with one 65 gallon garbage cart to use in place of your existing can.
- If you want to dispose of your old can please place a note on it telling us to take it. This will be at no extra charge. We will only take garbage in RVS carts.
- Your current pickup day will stay the same.
- If your cart is ever broken or damaged, call the office to request a new one. We will replace the broken cart for Free.

## Instructions for your new RVS supplied cart:

1. Bag all your trash and tie each bag before placing in cart. This is important to help keep your cart clean and presentable and prevent material from blowing in the wind when dumped.
2. If you need an extra garbage cart, please call the office. There will be an extra \$3 charge per month for each additional cart.
3. Please make sure the lid is closed properly.
4. **On the day of your pickup, place cart curbside or at the end of your driveway, at least 3 feet apart from other carts or bags. We will no longer be picking up in the alleys.**
5. Be sure your cart is not blocked by cars, snow piles, etc.
6. Please return cart back to your house when empty
7. This cart is for garbage only. Continue to use your same recycling can. If you need a red recycling can we will deliver one for FREE to your house. Please call the office.

### Don't

1. Place hazardous waste inside cart.
2. Place compost inside cart.
3. Overfill the cart.
4. Paint or vandalize the cart.
